

Originals - 50

Since the birth of the brand in 1980, Karlsson has been famous for the traditional railway station clock. These Original clocks are basic in design and colour, functional and timeless. The hours are indicated with the recognizable Karlsson numbers or plain stripes

Forever timeless!

World Class - 52

Karlsson's World Class clocks are designed with the ultimate in class and style. World time clocks, Flip clocks, Digital clocks; each individual model is sophisticated. The design is modern and completes any interior.

A league of its own!

Living - 58

Clocks that speak with the materials they are made from; ceramics, wood, crystal, glass or aluminium. Every clock is an icon. The use of light and 3-dimensional shapes, enables these natural and robust clocks to create the just the right atmosphere in your living environment.

Experience time!

Identity - 64

Your favourite clock says a lot about who you are and what you like. Strong graphic designs, do-it-yourself elements and quirky details make every clock unique. A clock that will add your identity to any room.

Just do it in time!

2 year warranty Karlsson provides a two-year warranty against manufacture defects, which is valid from the date of purchase. If you find such a defect within the warranty period, bring the product to your dealer with your proof of purchase.

Alarm clock
We offer a wide range of alarm clocks. Some of them including silent movement

Silent movement
Ultra-quiet clock movement. No ticking sound to distract or interrupt you. When included, the second hand moves in a smooth, continuous motion.

Pendulum movement
The pendulum movement brings an swinging motion to the clock design. This motion show the seconds passing by.
